**CONTROLLED BURNS**

**1-866-404-4911** is the number to call prior to burning old buildings or anything that may alert a passerby and result in a 911 call.

**FIRE CALLS**

CEN Fire Protection Association (Chesterfield-Eatonia-Newcombe) charges a basic \$1,000 call-out fee for rural fires, plus an hourly rate for the truck and for the firefighters. Firefighting bills may be several thousand dollars. Property owners need adequate insurance to cover firefighting charges. **Unpaid accounts are added to taxes at year end.**

**PEST CONTROL**

Rat control is coordinated by the municipality foreman and PCO Gordon Roesch, who is also RM utility man. Ratepayers may obtain a variety of poisons from the municipal office at no charge, and are encouraged to make sure rodents are kept in check on their property. Lockable Bait stations, \$15 each, are available at the RM office. Bait can be enclosed, making it inaccessible to children and pets.

### ROADSIDE MOWING

The R.M. policy states that the roadside mowing is 15 feet from the bottom of edge of the ditch towards the existing fields to maintain the bottom of the road allowance. This will help to ensure grass will establish better and give the roads longer life.

### ROAD ALLOWANCES

In Bylaw 2/79, farmers are reminded that cultivation offences will carry penalties as set out in the General Penalty Bylaw of the Municipality. Cultivating and spraying road allowances destroys grass which is necessary to preserve the road. The municipality will have to re-plant grass in areas where it has been destroyed, and the cost of doing so will be charged to the abutting landowners. The grass takes about one (1) year to become established; so there will be weeds during the establishment period. Once grass is growing, the road shoulder will be preserved, and the life of the road will be lengthened.

**Road allowances are a minimum of 66 feet in width, and many are 100 feet or more. Farmers who spray and cultivate the road allowances are trespassing.**
